## CITY OF LODI COUNCIL COMMUNICATION

TM

**AGENDA TITLE:** Consider Adopting Resolution Authorizing the City Attorney to Cooperate with the League of California Cities, other Cities and Counties in Litigation Challenging the Constitutionality of any Seizure by State Government of the City's Street Maintenance Funds.

**MEETING DATE:** June 17, 2009

**PREPARED BY:** City Attorney's Office

---

**RECOMMENDED ACTION:** Adopt a resolution authorizing the City Attorney to cooperate with the League of California Cities, other cities and counties in litigation challenging the constitutionality of any seizure by State government of the City's street maintenance funds.

**BACKGROUND INFORMATION:** Gas tax is now in the State Legislature's sights. The Street Fund is made up of three principle revenue sources: General Fund, Measure K and gas tax (officially Highway Users Taxes). Gas tax is a series of taxes adopted over time contained in the Streets and Highways Code. For Fiscal Year 2009/10 we project \$1,062,000 in gas tax revenue (this is not Proposition 42). The State may contend taking gas tax is not a loan, unlike borrowing property tax, and would not directly affect local governments' public safety budgets. The effect on street maintenance, however, would be drastic.

In 2006, it was estimated that \$13 billion was needed for urgent local street and road repairs. This is what convinced voters to approve infrastructure improvements in the form of Propositions 1B, 1C, and 1D.

Attached is a League of California Cities recommended resolution authorizing the City to cooperate with the League in challenging the transfer. In the event the City were actually to file a challenge in its own name, staff would return for further council authorization.

**FISCAL IMPACT:** Up to \$1,062,000 in lost gas tax revenue.

RESOLUTION NO. 2009-\_\_\_\_\_

A RESOLUTION OF THE LODI CITY COUNCIL  
AUTHORIZING THE CITY ATTORNEY TO COOPERATE  
WITH THE LEAGUE OF CALIFORNIA CITIES, OTHER  
CITIES AND COUNTIES IN LITIGATION CHALLENGING  
THE CONSTITUTIONALITY OF ANY SEIZURE BY  
STATE GOVERNMENT OF THE CITY'S STREET  
MAINTENANCE FUNDS

=====

WHEREAS, the current economic crisis has placed cities under incredible financial pressure and caused them to make painful budget cuts, including layoffs and furloughs of city workers, decreasing maintenance and operations of public facilities, and reductions in direct services to keep spending in line with declining revenues; and

WHEREAS, since the early 1990s the state government of California has seized over \$10 billion of city property tax revenues statewide, now amounting to over \$900 million each year, to fund the state budget even after deducting public safety program payments to cities by the state; and

WHEREAS, in his proposed FY 2009-10 budget the Governor has proposed transferring \$1 billion of local gas taxes and weight fees to the state general fund to balance the state budget, and over \$700 million in local gas taxes permanently in future years, immediately jeopardizing the ability of the City to maintain the City's streets, bridges, traffic signals, streetlights, sidewalks and related traffic safety facilities for the use of the motoring public; and

WHEREAS, the loss of almost all of the City's gas tax funds will seriously compromise the City's ability to perform critical traffic safety related street maintenance, including, but not limited to, drastically curtailing patching, resurfacing, street lighting/traffic signal maintenance, payment of electricity costs for street lights and signals, bridge maintenance and repair, sidewalk and curb ramp maintenance and repair, and more; and

WHEREAS, some cities report to the League of California Cities that they will be forced to eliminate part or all of their street maintenance operations while others will be forced to cut back in other areas (including public safety staffing levels) to use city general funds for basic street repair and maintenance; and

WHEREAS, in both Proposition 5 in 1974 and Proposition 2 in 1998 the voters of our state overwhelmingly imposed restriction on the state's ability to do what the Governor has proposed, and any effort to permanently divert the local share of the gas tax would violate the state constitution and the will of the voters; and

WHEREAS, cities and counties maintain 81% of the state road network while the state directly maintains just 8%; and

WHEREAS, ongoing street maintenance is a significant public safety concern; and

WHEREAS, according to a recent statewide needs assessment<sup>1</sup> on a scale of zero (failed) to 100 (excellent), the statewide average pavement condition index (PCI) is 68, or "at risk." Local streets and roads will fall to "poor" condition (Score of 48) by 2033 based on existing funding levels available to cities and counties.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Lodi hereby directs the City Attorney to take all necessary steps to cooperate with the League of California Cities, other cities and counties in supporting litigation against the state of California if the legislature enacts and the governor signs into law legislation that unconstitutionally diverts the City's share of funding from the Highway Users Tax Account (HUTA), also known as the "gas tax," to fund the state general fund; and

RESOLVED FURTHER, that the city manager or clerk shall send this resolution with an accompanying letter from the mayor to the Governor and each legislator, informing them in the clearest of terms of the City's adamant resolve to oppose any effort to frustrate the will of the electorate as expressed in Proposition 5 (1974) and Proposition 2 (1998) concerning the proper use and allocation of the gas tax; and

RESOLVED FURTHER, that a copy of this Resolution shall be sent by the city manager or clerk to the League of California Cities, the local chamber of commerce, and other community groups whose members are affected by this proposal to create unsafe conditions on the streets of our City for pedestrians, bicyclists and motorists.

Dated: June 17, 2009
